### **Verse 1**

Well they say this world's in trouble  
everybody's singin' the blues  
there's no shortage of the negative  
on the 24-hour around the clock news  
now I've got a better solution  
than a government stimulus plan  
cause you don't get somethin' for nothin'  
when it's comin' from Uncle Sam

### **Chorus**

Well, God doesn't need an opinion poll  
He knows everything that we need  
when we call He never puts us on hold  
His line is open, and the call is toll free  
He's not a Democrat or a Republican  
He's the Almighty, the Great I AM  
He's never broken one word of His promises  
He's better than Uncle Sam  
(so much better, better than Uncle Sam)  
(so much better, better than Uncle Sam)

### **Verse 2**

I don't need some personality  
who doesn't seem to have a clue  
they want to make all my decisions  
and try to tell us all what to do  
it's time we pray for all of our leaders  
for what's right we must take our stand  
it takes more than some cash for clunkers  
to start revival in this land

### **Repeat chorus (2x)**

### **Tag**

He's not a Democrat or a Republican  
He's the Almighty, the Great I AM  
He's never broken one word of His promises  
He's better than Uncle Sam  
(so much better, better than Uncle Sam)  
(so much better, better than Uncle Sam)
