

How Many Times

© 2003 Wayne Carroll

Verse 1

I heard God calling and I pushed Him away
but from a distance He could hear when I prayed
I ask you, Lord, to forgive for the way that I've lived
I failed you so often, I don't know how many times

Chorus

How many times were You looking for me
You waited there so patiently
when I took the time to pray, and You took me back that day
I want to thank You, I don't know how many times

Verse 2

He saw us falling as our sins pulled us down
And from a distance He could see that we would drown
So Jesus picked up the cross, held it out to the lost
He saved us from dying, I don't know how many times

Repeat Chorus (x2)

I want to thank You, I don't know how many times
How many times
