

I'm The Whisper

(based on I Kings 19: 11-12)

Verse 1

Elijah searched for God in the mountain
he thought the earthquake would speak God's name
and if the fire would not consume him
then he would hear God's voice in the flame
in the loud roar of the thunder
and in the rumble in the hill
he sought God's presence, but did not find Him
'til he listened and he became still

Chorus

I'm the wind, when you feel me near you
I'm the power in the rocks that fall
I'm the reason the flames reach toward heaven
I'm the one whose name you call
I'm the voice you hear deep inside you
when you stop and want me near
I'm the hope you're holding on to
I'm the whisper that you hear

Verse 2

Not in the winds that swirl about me
it's not in the earthquake or rocks that fall
not even in the fire where flames could consume me
not in these things do I hear His call
In a still small voice is where I hear Him
when the rumble has gone its way
I stop to listen and then I hear Him
in a whisper He calls my name

Chorus

He says: I'm the wind, when you feel me near you
I'm the power in the rocks that fall
I'm the reason the flames reach toward heaven
I'm the one whose name you call
I'm the voice you hear deep inside you
when you stop and want me near
I'm the hope you're holding on to
I'm the whisper that you hear
