

In His Hands

© 2003 Wayne Carroll (BMI)

Verse 1

From His hands come the storms and the raging sea
from His hands come the stars and eternity
to those hands I must go when life troubles me
in His hands I will find my refuge

Verse 2

I am safe in His hands from the fiercest storm
with the waves crashing down I am safe and warm
in His hands I can face what I'm running from
in His hands I will find my refuge

Refrain

The hands that calm the sea, that catch the tiny falling bird
are the hands that rescue me when my faintest prayer is heard
I run from the danger to the place where I can stand
where there's peace in the refuge in His hands

Verse 3

In His hands all my sin went to Calvary
there it was nailed to His cross for eternity
even death cannot take what He gave to me that day
He arose and became my refuge

Repeat refrain
