

Just Walk With Me

verse 1

Dear Lord, I've come to ask a favor, but it's not for me this time
there's someone whose heart is broken, he's a friend of mine
for fifty years they walked together hand in hand, as man and wife
and when you called her home to heaven, he lost the sunshine of his life

verse 2

But Lord, he would not ask for favors for he's such a humble man
so I've come to ask dear Savior just to take his hand
and if his heart were not so broken, I believe that he might say
If you would walk here close beside me, then you can help me find my way

refrain

Just walk with me, just hold my hand
when you see this broken heart you'll understand
for you've walked these lonely roads before, like that road to Calvary
best friends we'll be, just walk with me

verse 3

I know a day is surely coming, in your Word it is so plain
when each one whose heart was broken will come home again
you'll put the years of pain behind us when you draw us to your side
then you will dry the tears we're crying with heaven's sunshine in our eyes

refrain

Just walk with me, just hold my hand
when you see this broken heart you'll understand
for you've walked these lonely roads before, like that road to Calvary
best friends we'll be, just walk with me

For you've walked these lonely roads before
would you walk this one with me
best friends we'll be, just walk with me
and for all eternity just walk with me
