

Little David's Rock and Roll Band

Verse 1

When little David saw ol' Goliath that day
it was a way, way, way back when
looking at this nine-foot fighting machine
there was just no way David could win
but little David had a secret weapon
he held it right there in his little hand
he had one tiny rock and a great big God
it was Little David's Rock and Roll Band

Chorus 1

Well David threw the rock, then God took control
it hit the giant's head and Goliath did the roll
if there's a giant in your land, and next to nothing in your hand
just remember little David, little David and his rock and roll band

Verse 2

There are still so many giants in our world today
we call them all by different names
the battle may be in a different time and place
but our situations are just the same
and like David, we've got a secret weapon
we hold it right here in our little hand
for Jesus is the rock and a great big God
just like David's little rock and roll band

Chorus 2

When you throw your rock, just let God take control
it will hit that giant's head, and then your enemy will do the roll
