

## **There Is Calvary**

### ***Verse***

When the storm has gone its way and a rainbow's in the sky  
I marvel at God's handiwork before the paint is dry  
but to show the wonders of His love He used a different quill  
a greater masterpiece He drew, and He hung it on a hill

### ***Refrain***

There is Calvary on display for all to see  
how His endless love and mercy flow from pain and agony  
far more beautiful than rainbows, life's greatest mystery  
to see the love of God there is Calvary

### ***Bridge***

His masterpiece of love took just one color  
with a single drop of blood our sin was covered

### ***Repeat Refrain***

### ***Coda***

It was love that drew Him there to bear the sins of all the world  
the canvas now unfurled, stretching through eternity  
to see His love for me -- there is Calvary
