

Just Your Love

© 2009, Wayne Carroll (BMI) & Simeon Amburgey (BMI)

Verse 1

I had such dreams when I was younger
and like most of them, they seemed not to come true
looking' back on one exception
I found my dream, the day that I found you

Verse 2

Most of my dreams have been forgotten
and like most, it's really no great loss
I see the things that really matter
and I'll hold on to this dream at any cost

Refrain

I wanted riches to come to me
to have success that all could see
but heaven sent my heart's true wishes
cause they knew all I needed was just your love

Bridge

I never knew what dreams were made of
until this secret came and knocked me down
I may not be the richest man in town
but I have wealth the world can't measure
cause I have the greatest treasure of just your love

Refrain

Tag

Now my heart's better at praying
than my lips could ever be
I got way more than I deserved
when heaven knew that all I needed
was just your love
